PROFESSIONAL SUMMARY

Java Backend Developer with hands-on experience in Spring Boot and REST API development. Skilled in microservices, MySQL, and Apache Kafka, with experience in building scalable backend systems.

TECHNICAL SKILLS

Languages: Java (Core, Java 8), SQL, JavaScript, HTML5, CSS3, C++

Frameworks: Spring Boot, Spring Security, Hibernate, JDBC, Servlets, JSP

Backend: REST API Development, Microservices Architecture

Testing: JUnit 5, Mockito, API Testing, Manual Testing, Debugging

Tools & Technologies: MySQL, Apache Kafka, Docker, Git, Postman, IntelliJ, WordPress

WORK EXPERIENCE

Java Developer | Fourise Software Solutions Pvt. Ltd., Pune | Jan 2024 – Present

- Developed and maintained multiple Spring Boot Microservices within a Service-Oriented Architecture, enhancing system scalability and modularity.
- Developed a modular payment integration layer using Factory Design Pattern, improving code reusability across multiple client configurations.
- Optimized MySQL queries and JPA mappings through indexing and query tuning, improving overall API response time and database performance.
- Implemented Global Exception Handling and centralized logging, enhancing API stability and streamlining production troubleshooting.
- Designed transaction processing and webhook handling for real-time asynchronous updates using Apache Kafka, ensuring reliable and consistent message delivery.
- Built unit and integration tests using JUnit 5 and Mockito to validate business logic, maintaining high code coverage across critical modules.
- Collaborated cross-functionally with frontend and QA teams to deliver secure, scalable REST APIs aligned with business requirements on schedule.

PROJECTS

Complaint Management System – Spring Boot, RESTful APIs, MySQL, HTML5, CSS3, JavaScript | [Link](#)

- Developed 20+ secure RESTful APIs using Spring Boot and Spring Security, implementing Role-Based Access Control (RBAC), secure login, password reset, and full CRUD operations with seamless frontend.

Payment Integration System – Spring Boot, RESTful APIs, MySQL, HTML5, CSS3, JavaScript | [Link](#)

- Developed backend REST APIs for transaction management with advanced filtering by date, amount.

Shipping Agency Website – HTML5, CSS3, Bootstrap | [Link](#)

- Designed a responsive user interface for shipping services, including login and signup flows.

EDUCATION

Bachelor of Engineering (B.E.) in Electronics & Communication Engineering | 2018 – 2022

VSM's SRK Institute of Technology, Nipani | Visvesvaraya Technological University, Belagavi | CGPA: 8.0

Academic Achievement: Ranked in the Top 3% of the engineering class.

CERTIFICATIONS & ACHIEVEMENTS

- Java Full Stack Development Certification
- Web Development Internship Completion Certificate.
